

Scott - Center Pull Bathroom Tissue System

an alternate to toilet rolls

Scott® Control Center Pull Bathroom Tissue System

- **Hygienic**
 - Fully enclosed, protected roll. User only touches on the sheets needed
- **Efficiency**
 - The 1000-sheet roll supports high traffic areas and helps reduce refilling frequency and risks of tissue run-outs
 - The bath tissue is made from AIRFLEX fabric with higher absorbency, yet dissolves quick in water; thus helps reduce risks of toilet clogging.
- **Cost Effectiveness**
 - controlled single sheet dispensing to reduce the bath tissue consumption which delivers a better cost-in-use
- **User Experience**
 - Reliable dispensing system – 1 sheet at a time

Dispenser Code : 57204
